Octagon & Trapezoid Diecast Aluminum Enclosures *1590TRP-STP*

Series

Unusual Shapes for a Unique Look

RoHS

Features

- Rugged, diecast aluminum alloy electronic instrument enclosure.
- Aluminum material is tough yet easy to machine.
- Lap joint construction provides protection against access of dust and splashing water.
- Unpainted version is vibra finished for a smooth surface with no sharp edges.
- Our most popular application is stomp box usage. See our **1590 Stomp Box** series for more colors and traditional shapes.
- Four #6-32 x 1/2” machine screws secure lid into factory-tapped holes.
- Designed to meet IP54.
- Low side wall draft angle (2° or less) for easy PC board mounting.
- Replacement screws for natural finish series, machine type, nickel plated, #6-32 x 1/2” - **1590MS100** - Package of 100
- Replacement screws for black series, #6-32 x 1/2” - **1590MS50BK** - Package of 50
