CW SMOKE DETECTOR

Not available in United States, call for more information

Product Overview

NetworkAir CW Features & Benefits

Protection

Air filtration
Removes dirt and other particulates from the intake air for cleaner supply air.

Manageability

Microprocessor controller
Provides proactive control and real-time monitoring via a four line, eighty character, alphanumeric display.

Serviceability

Front service access
The system has full service, front access for routine servicing of components. Front access also narrows the footprint of the system making it possible for units to be placed side by side.

Availability

Steam humidifier
Humidity is managed through a self-contained steam canister humidifier for maximum efficiency and ease of maintenance.

The pure-steam canister maintains consistent capacity output, and requires very little scheduled maintenance.
