Camera-Mount LED Photography Light - CIE Ra 95 - 3200K to 5600K

PRODUCT ID: 2894

DISCONTINUED
DESCRIPTION

If you'd like to document your projects and builds in style, this is **Camera-Mount LED Photography Light** is a premier solution to all of your photo and video lighting needs! Pop in a Sony NP-F550 battery (which you can basically find anywhere) and then tune the LED Panel to your pleasing with color temperatures ranging from ~3200K (warm) to ~5600K (cool) and also adjustable brightness up to 11W.

Kit includes pan tilt shoe mount base! Camera battery is NOT included, you'll want an NP-F type battery. We love these lights and use them all the time for portable shoots.

**Features:**
- Pan tilt shoe mount base
- Color temperature knob
- Dimmer knob
- Battery balance indicators
- Button for testing battery balance
