**Notes:**
- All dimensions are for reference use only.
- 2.8 RMS compliant.
- 2.71 mg cycle durability: 100 cycles.
- 2.9 degree of protection: P2 (mild condition).
- 2.5 insulation resistance: 500 megohms minimum.
- 2.4.0 Volts AC voltage less than 2.
- 2.3 operating temperature: 0°C to +10°C.
- 2.2 safety: 3.00 VAC/DC.

**Specifications:**
- 1.4 shield: Copper alloy nickel plated.
- 1.3 power control: Copper alloy nickel plated.
- 1.2 seal: Silicone rubber.
- 1.1 housing: Thermoplastic UL 94 V0.

**Material:**
- 1.0.
