GP ReCyko can be recharged up to 1000 times. Protect both the environment and your wallet.

MAINTAINS THE CHARGE

GP ReCyko is charged and ready to use as soon as you buy.

FARTHER

CHARGE & USE!

GP ReCyko has 85% of residual charge after a year. Ideal for digital cameras and flashlights.

RESPECTS

THE ENVIRONMENT

GP ReCyko is environmental friendly.

GP ReCyko⁺

The energy is allways available using batteries GP Recyko. Thanks to the low self discharge of GP Recyko is now possible to use rechargeable batteries in all house-devices as: remote controls, toys, MP3 players, wall clocks and digital cameras.

They are ready to use for more than a year after they are charged only once.

The batteries GP Recyko protect the environment and even more the wallet.
