About Plat Online

Plat Home Co., Ltd. operates a procurement support site specializing in business IT equipment, exclusively for corporate transactions. Since 1999, we have been selling business IT equipment, including network equipment, servers, storage, PO peripherals, PO parts, software, and licenses. Our product lineup is among the largest in the industry, with approximately 55,000 items. We specialize in corporate transactions and also support invoice-based payment for schools, government agencies, and general corporations.

University of Tokyo / Mr./Ms. K. (Usage period: 2009 – present)

I use their service because they accept invoice payments. I also really appreciate their prompt and courteous responses to my email inquiries.
