| Large Volume Order |

- Open web is load resistant, reducing the likelihood of abrasive clogging with debris, thereby prolonging service life
- Aluminum Oxide mineral is friable and breaks down to reveal sharp cutting edges for a consistent cut
- Abrasive may be run wet to help wash away swarf and keep abrasive running cool, minimizing potential for heat-induced smearing and blemishes
- Roll form may be shaped according to application requirements

For industrial/occupational use only. Not for consumer sale or use.

3M industrial and occupational products are intended, labeled, and packaged for sale to trained industrial and occupational customers for workplace use. Unless specifically stated otherwise on the applicable product packaging or literature, these products are not intended, labeled, or packaged for sale to or use by consumers (e.g., for home, personal, primary or secondary school, recreational/sporting, or other uses not described in the applicable product packaging or literature), and must be selected and used in compliance with applicable health and safety regulations and standards (e.g., U.S. OSHA, ANSI), as well as all product literature, user instructions, warnings, and other limitations, and the user must take any action required under any recall, field action, or other product use notice. Misuse of 3M industrial and occupational products may result in injury, sickness, death, or property damage. For help with product selection and use, consult your on-site safety professional, industrial hygienist, or other subject matter expert.
