

9000440 – GPS / GLONASS / Beidou / Galileo FPC Antenna

- ▶ Antenna Type: Internal (Off Board)
- ▶ Technology: GNSS / GPS / GLONASS / BEIDOU / GALILEO
- ▶ Band: L1 / G1 / B1 / E1
- ▶ Frequency: 1559-1563 MHz / 1575 MHz / 1559-1591 MHz / 1593-1610 MHz
- ▶ Peak Gain: Various Depending on Frequency – Refer to Datasheet
- ▶ Efficiency: Various Depending on Frequency – Refer to Datasheet
- ▶ Size (mm): 41.0 x 15.5
- ▶ Weight (grams): 0.5 antenna only
- ▶ Mounting: Adhesive + Cable + Connector

Antenna Part Number: **9000440**

Description

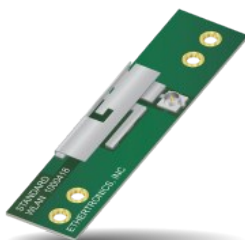

Description

Ethertronics' embedded GNSS Antenna delivers high RF performance and functionality in M2M designs where a more standard GPS patch approach is not possible. This innovative antenna provides compelling advantages for GNSS enabled M2M / IoT applications such as vehicle tracking or asset tracking. Based on a flexible substrate, this GNSS antenna can maintain high efficiency in various device configurations. In addition, the 9000440 antenna can be integrated easily to the end product.
