Product List

Product Name	SRCN6A13-5P
Status	Active
RoHS compliant	Yes
Series Name	D sub Series
Connector types	Straight plug
EMI shielded	5
Wire termination styles	13
PCB mounting styles	Pin
SMD flag	Soldering
Number of contacts	Threaded
Shell size	13-5
Contact types	#20*5
Connector styles	#20
Applicable wire size (mm^2)	0.5 max.
Applicable wire size	
Rated current (A)	#20 AWG max.
Dielectric withstanding voltage (VACr.m.s. 1minute)	Silver plating
Insulation resistance (megohm min.)	5 max.
Contact resistance (milliohm max.)	
Operating temperature range (deg. C)	1000
Shell types	1000 min.
Material of insulator	5 max.
Contact	Non Waterproof
Mating side contact finish	-25 to +85
Mounting area contact finish	0
Mounting method	Nickel plating
Screw lock assembly	
Existence of ferrite	
Applicable contacts	
Applicable product part numbers	
Use with accessories	
Accessory type	
Remarks	
Related Documents	DWG 221Kbytes DWG 153Kbytes
Pair	SRCN1A13-5S SRCN2A13-5S

Notice:

1.The values specified in this web site are only for reference. The products and their specifications are subject to change without notice. Contact our sales staff for further information before considering or ordering any of our products.
For purchase, a product specification must be agreed upon.

2.Users are requested to provide protection circuits and redundancy circuits to ensure safety of the equipment, and sufficiently review the suitability of JAE's products to the equipment.

3.The products presented in this web site are designed for the uses recommended below.
We strongly suggest you contact our sales staff when considering use of any of the products in any other way than the recommended applications or for a specific use that requires an extremely high reliability.

(1) Applications that require consultation:

(i) Please contact us if you are considering use involving a quality assurance program that you specify or that is peculiar to the industry, such as:
Automotive electrical components, train control, telecommunications devices (mainline), traffic light control, electric power, combustion control, fire prevention or security systems, disaster evention equipment, etc.

(ii) We may separately give you our support with a quality assurance program that you specify, when you think of a use such as :
Aviation or space equipment, submarine repeaters,
