

Circuit-breaker, 3p, 800A, withdrawable

Part no. IZMX40E3-P08W
Catalog No. 180304

Delivery program

Product range		Air circuit-breakers/switch-disconnectors
Current Range		Up to 4000 A
Release system		Electronic release
Degree of Protection		IP20, IP55 with protective cover, IP41 door sealing frame

Technical data

General

Degree of Protection		IP20, IP55 with protective cover, IP41 door sealing frame
----------------------	--	---

Terminal capacities

		These are values used in separate switchgear. The actual values will depend on the temperature around the circuit-breaker, which is influenced by the ambient temperature, the degree of protection (IP), the mounting height, the partitions, and any external ventilation. Depending on the specific switchgear design, this may result in derating, which can then be compensated for by increasing the cross-sectional area. Temperature rise tests in the specific switchgear can provide specific and detailed information.
