Our secure checkout accepts all major payment providers.

This little dingus connects our popular **micro metal gearmotors** to a standard LEGO® axle - ideal for making your brick creations move autonomously!

Injection moulded from snazzy purple plastic they are made in the UK. Super-handy and durable for all sorts of projects - we've not managed to wear one out yet!

Each pack contains four adaptors - you just bring the LEGO® and **gearmotors**!

LEGO® is a trademark of the LEGO Group of companies which does not sponsor, authorize or endorse this product.
