CURK143-01-04 Features

APC Charge-UPS #143 1-Yr SP-04

Genuine APC RBC(TM) tested and certified for compatibility to restore UPS performance to the original specifications, plus an extension of factory warranty coverage beyond the original factory warranty term.

Includes : All required connectors , Battery recycling guide , Installation guide , Reusable packaging

Hot-swappable batteries

Ensures clean, uninterrupted power to protected equipment while batteries are being replaced

Technical support

Our experienced technical support engineers are available to answer your questions, giving you peace of mind knowing the help you need is there when you need it.

Charge UPS Features & Benefits

Convenience

Free shipping

Our Extended Warranty program offers you free shipping, making sure you get the replacements you need with no additional expense.

Prepaid postage to a nearby recycling partner (availability varies by country)

Insures that almost 100% of the old battery is recycled, protecting the environment.

Re-usable packaging with clear instructions on how to properly dispose of spent batteries.

Convenient, easy and green.

Fully assembled for easy hot-swap installation

APC RBCs are safe, reliable and contain a minimum number of connections saving valuable time. Because APC RBCs are hot-swappable, no network downtime is required in order to install them.

Warranty Duration Options

Multi-year protection options available to meet your business requirements

Technical support

Our experienced technical support engineers are available to answer your questions, giving you peace of mind knowing the help you need is there when you need it.

Parts included

Replacement parts & components are included with some service contracts. Please see the statement of work for service specifics.

Compatibility

Long battery life

Designed by APC by Schneider Electric exclusively for APC UPS's for complete compatibility with the intelligent battery
