

# Surface Mount Fuses

Thin Film Fuse > 1206 High I<sup>2</sup>t > 483 Series

## Description

The 483 series belongs to the family of high-energy SMD fuses, perfect for space constrained applications. It offers the standard Nano Fuse circuit protection capability with a very small 1206 foot print. This product is RoHS compliant, Halogen-Free and 100% Pb-Free with guaranteed operating temperature of up to 125 °C.

## Features

- Very small 1206 footprint
- Fast-acting
- Pb-free, RoHS compliant and Halogen-free
- Wide operating temperature range of -55 °C to 125 °C

## Benefits

- Single fuse solution for high current application
- Suitable for a wide variety of voltage requirements and applications

## Applications

- LED lighting
- LCD/LED TVs
- Notebooks/PCs
- Gaming consoles
- Power supply units
- Telecom systems
- White goods
- Battery charging circuit protection

## Agency Approvals

| Agency | Agency File Number | Ampere Range   |
|--------|--------------------|----------------|
| cULus  | E10480             | 0.375 A – 15 A |

## Electrical Characteristics

| % of Ampere Rating | Opening Time       |
|--------------------|--------------------|
| 100%               | 4 Hours, Minimum   |
| 250%               | 5 Seconds, Maximum |
