Overview

Tamper Seals are designed for sealing access points, protecting adjustments and sealing enclosures.

- Protect your warranty exposure by sealing access points with tamper-indicating Tamper Seals
- High performance white matte vinyl with permanent adhesive is ideal for applications that require resistance to product tampering
- Use caution when removing from liner as material is fragile
- Labels should not be for consumer goods or consumer warranties per the Federal Trade Commission's interpretation of the Magnuson-Moss Warranty Act. For consumer applications, Brady recommends TL-PK-3 and TL-PK-13
