★★★★★ exactly what I was looking for

good shape, good quality. I cut off the parts where my custom shield sticks out and it still snaps together. 5/5 would buy again.

★★★★☆ Holds Uno Board Securely

last year by **Spacecase544**  verified purchaser

Easy snap together enclosure, does not come with screws or any hardware to hold the board in place, but appears to hold it securely enough that it's not necessary.

In 2003, CU student Nate Seidle blew a power supply in his dorm room and, in lieu of a way to order easy replacements, decided to start his own company. Since then, SparkFun has been committed to sustainably helping our world achieve electronics literacy from our headquarters in Boulder, Colorado.

No matter your vision, SparkFun's products and resources are designed to make the world of electronics more accessible. In addition to over 2,000 open source components and widgets, SparkFun offers curriculum, training and online tutorials designed to help demystify the wonderful world of embedded electronics. We're here to help you start something.
