

Träger Buchseinsätze
Montage Reihenfolge

The diagram illustrates the four-step assembly process for the terminal block. Step 1 shows the first row of terminals being inserted into the main body. Step 2 shows the second row of terminals being inserted. Step 3 shows the top cover being attached to the top of the assembly. Step 4 shows the bottom cover being attached to the bottom of the assembly. The final assembled unit is shown at the top right of the diagram.
