

6FT HDMI Plug to HDMI Plug Cable Assemblies PN: RHMAA-0407

Introduction

Description

HDMI is a new digital display interface standard made by the HDMI LLC. It is compacter than DVI connector. HDMI plug to HDMI plug cable can support digital video and audio transmission between digital source devices and digital display devices including Set-top-boxes, multimedia player, computer, Digital TV and monitor. Amphenol HDMI to HDMI cables support high resolutions up to 4k x 2k. Other length and connector combination can be provided after confirming with us.

Features and Benefits

- Supports audio and digital video signals with Ultra High Definition (UHD) 4K x 2K resolutions
- Gold plated connectors provide optimal signal transfer and long service life
- Premium double-shielded HDMI cable protects video against outside noise (EMI/RFI)
- Excellent signal integrity (compliant to HDMI spec rev. 2.0 that is HDMI spec rev. 1.4 category 2 requirement) and EMI performance
- High speed twisted pair cable with good impedance reduces cross-talk and delay
- Lifetime Limited Warranty

Product Applications

- Set-top-boxes
- Multimedia player
- Computer
- Digital TV
- Monitor

Industry Standards

- HDMI specification rev 2.0
