Many demands are made on a connector's shielding. Several tailored solutions are available for meeting these requirements:
• A shield discharge via an EMC cable gland
• The use of shield Lever together with shield clamps
Depending on the model, the shield Lever can be used with:
• standard contact inserts
• the ConCept modular system with plastic frame
• the ConCept modular system with metal frame.</>
The shielded conductor is fastened to the shield Lever with shield clamps. The shield clamps are available in various sizes for different sized conductors. . .
