

Large Jumper Wire Kit - 700pcs

PRT-14671 ROHS ✓

★★★★★ 1

DESCRIPTION

INCLUDES

You asked for more wires, so you are going to get more wires! This is a large kit of jumper wires - cut, stripped, and pre-bent for your prototyping pleasure. Included with this kit are 14 various lengths of 22AWG wire - 2, 5, 7, 10, 12, 15, 17, 20, 22, 25, 50, 75, 100, and 125mm - 50 pieces of each.

On top of getting five times more jumper wires than the **smaller version**, this large kit also comes with a durable carrying case with adjustable dividers in case you want to use it for something other than hooking up a project!

★★★★★ Need more breadboards now

about 3 months ago by **imabug** ✓ verified purchaser

Jumper wires galore for projects! With a kit this size, now your component placement on breadboards won't be constrained by what jumper wires you have available. The wires fit snugly into all my breadboards (old and new) and come in convenient lengths.

In 2003, CU student Nate Seidle fried a power supply in his dorm room and, in lieu of a way to order easy replacements, decided to start his own company. Since then, SparkFun has been committed to sustainably helping our world achieve electronics literacy from our headquarters in Boulder, Colorado.

No matter your vision, SparkFun's products and resources are designed to make the world of electronics more accessible. In addition to over 2,000 open source components and widgets, SparkFun offers curriculum, training and online tutorials designed to help demystify the wonderful world of embedded electronics. We're here to help you start something.
