WOE2YR-VX-77 Features

2 Year On-Site Warranty Ext for (1) Galaxy VX 750 Scalable to 1000kVA UPS

Comprehensive service packages that allow you to design the coverage you need to operate your solution efficiently, minimize downtime and manage costs.

7x24 telephone technical support	Our experienced technical support engineers are available to answer your questions, giving you peace of mind knowing the help you require is available at any given time.
7x24 Upgrade option	If you are like most businesses, you want your systems up and running during your busiest hours. In order to accommodate your busy schedule, APC offers an option to schedule services off hours. We will work with you to find a time when servicing your system is least likely to impact your productivity, saving your business time and money.
Environmental inspection	In order to ensure that your system is installed in a suitable environment for optimal functionality, we will inspect the site for conditions that might damage your system, such as excessive heat or humidity.
Labor and travel expenses included	Travel and labor expenses are included in most service contracts. Please see the statement of work for the service specifics.
On site troubleshooting	While on site, our APC Certified Field Service Engineers, backed by years of industry experience, will diagnose any errors directly, ensuring accuracy of any corrective actions taken.
Parts included	Replacement parts & components are included with some service contracts. Please see the statement of work for service specifics.

Service Plans Features & Benefits

Serviceability

Environmental inspection	In order to ensure that your system is installed in a suitable environment for optimal functionality, we will inspect the site for conditions that might damage your system, such as excessive heat or humidity.
