### Specifications

- Essentials	
Launch Date	Q3'12
Status	End of Life
Expected Discontinuance	Q4'15
EOL Announce	Thursday, October 15, 2015
Last Order	Friday, April 15, 2016
Last Receipt Attributes	Friday, July 15, 2016
Limited 3-year Warranty	Yes
Extended Warranty Available for Purchase (Select Countries)	Yes
Chassis Form Factor	2U Rack
Chassis Dimensions	17.2" x 30.5" x 3.5"
Description	A 2U rack chassis supporting up to four hot-pluggable compute modules (S2600JF, S2600WP, or S2600LP Families) up to 16 2.5" hot-swap HDDs, two 1600W common redundant power supplies for HPC environments.
Target Market	High Performance Computing
Power Supply	1600 W
Power Supply Type	AC
# of Power Supply Included	2
Redundant Fans	No
Redundant Power Supported	Yes
Backplanes	Included
Included Items	(1) Intel® Server Chassis H2216XXKR (17.2" x 30.5" x 3.5"), (1) 2.5" 6Gb/s SATA/SAS Backplane; (16) 2.5" Hot-swap drive carriers, (2) 1600W Common redundant power supply (Platinum Efficiency), (2) Power distribution board, (4) Node fillers, and (1) Value rail kit.
# of Front Drives Supported	16
Front Drive Form Factor	Hot-swap 2.5"
Additional Information URL	<a href="#">Link</a>
Recommended Customer Price	N/A

### PCN/MDDS Information

919023: [PCN](#) | [MDDS](#)

All information provided is subject to change at any time, without notice. Intel may make changes to manufacturing life cycle, specifications, and product descriptions at any time, without notice. The information herein is provided "as-is" and Intel does not make any representations or warranties whatsoever regarding accuracy of the information, nor on the product features, availability, functionality, or compatibility of the products listed. Please contact system vendor for more information on specific products or systems.

"Intel classifications" consist of Export Control Classification Numbers (ECCN) and Harmonized Tariff Schedule (HTS) numbers. Any use made of Intel classifications are without recourse to Intel and shall not be construed as a representation or warranty regarding the proper ECCN or HTS. Your company may be the exporter of record, and as such, your company is responsible for determining the correct classification of any item at the time of export.

Refer to Datasheet for formal definitions of product properties and features.

"Announced" SKUs are not yet available. Please refer to the Launch Date for market availability.

"Conflict free" and "conflict-free" means "DRC conflict free", which is defined by the U.S. Securities and Exchange Commission rules to mean products that do not contain conflict minerals (tin, tantalum, tungsten and/or gold) that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo (DRC) or adjoining countries. Intel also uses the term "conflict-free" in a broader sense to refer to suppliers, supply chains, smelters and refiners whose sources of conflict minerals do not finance conflict in the DRC or adjoining countries. Intel processors manufactured before January 1, 2013 are not confirmed conflict free. The conflict free designation refers only to product manufactured after that date. For Intel Boxed Processors, the conflict free designation refers to the processor only, not to any additional included accessories, such as heatsinks/coolers.

The Recommended Customer Price ("RCP") is pricing guidance for Intel products. Prices are for direct Intel customers, typically represent 1,000-unit purchase quantities, and are subject to change without notice. Taxes and shipping, etc. not included. Prices may vary for other package types and shipment quantities, and special promotional arrangements may apply. If sold in bulk, price represents individual unit. Listing of these RCP does not constitute a formal pricing offer from Intel. Please work with your appropriate Intel representative to obtain a formal price quotation.
