|                           |                                                                                                                                                                                                                                                                                                     |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application               | Warning signs that match stringent regulatory requirements for hazardous areas.                                                                                                                                                                                                                     |
| Application Method        | The functionality and durability of the labels can be negatively affected if improperly processed or applied. All surfaces to be bonded must be clean, dry as well as free from dust and grease. Avoid touching the adhesive surface of the label as this could impair the application performance. |
| Chem. Material Properties | Resistant to oils, water and solvents; flame-retarding                                                                                                                                                                                                                                              |
| Colour                    | Yellow (YE)                                                                                                                                                                                                                                                                                         |
| Colour of Print           | Black (BK)                                                                                                                                                                                                                                                                                          |
| For Size                  | 6                                                                                                                                                                                                                                                                                                   |
| Material                  | Type 150, Vinyl (150)                                                                                                                                                                                                                                                                               |
| Pack Cont.                | 5 pcs.                                                                                                                                                                                                                                                                                              |
