Micro Data Centers Features & Benefits

Convenience

Pre-engineered and Factory Assembled

Prefabricated Modules are designed and built to precise specifications in a controlled factory environment and utilize DCIM software which results in improved reliability and a more predictably performing data center.

Simple and Fast Deployment

Prefabricated Data Center Modules arrive on site ready to deploy which significantly reduces installation time and cost.

Safety

Enclosure designed for harsh environments

Prefabricated modules can support IT needs in applications such as mining, oil and gas, industrial factories, military operations, and regions with high heat and humidity.
