

BU-P5223-@
(Triaxial Cable Assembly Male Both Ends)

- 2 Shields provided for use in high interference areas
- Material:
 - Connectors
 - Triaxial Cable Male – BNC 3 Lug Bayonet Style
 - Finish – Tarnish Resistant
 - Center Contacts – Gold Plated
 - Cable – Belden 9222. Triaxial conductors. Nominal Impedance: 50 Ohms. 20 AWG, Polyethylene dielectric, Shield: Tinned Copper, Jacket: PVC, Color: Yellow
- Ratings:
 - Operating Voltage – 500 VRMS/DC
 - Impedance of Cable – 50 Ohms
- Length is indicated by -@ in part number.
Available lengths are: -36 inches, and -60 inches
- RoHS2 Compliant
