ABS Plastic Miniature USB Enclosures *1551USB Series*

For Use With USB A Type Connectors

RoHS

Key Features:

- Ideally suited for dongles and mounting small printed circuit boards with male USB-A connectors.
- Molded in ABS plastic with a UL94-HB flammability rating.
- Choice of three sizes in five colors: black, light grey, translucent clear, translucent smoke, and translucent red.
- Satin texture finish.
- Cover is recessed for easy label installation.
- Complete with lid and two self-tapping screws. Silver screws are provided with grey and clear boxes, and black screws are provided for black, smoke, and red boxes.
- Two or four standoffs, depending on size, are molded into interior for board mounting.
- Designed to meet IP51.
- USB connector is not included.
- For these same sizes without a USB cutout, see our **1551MINI** series.
- **Some chemicals can damage or weaken plastic. Please read our Chemical Resistance Statement under Downloads for more information.**

Notes:

- Self-tapping lid screws are #2 x 1/2". For extra screws, order **1551USB50** (silver, pack of 50) or**1551USB50BK** (black, pack of 50).
- Standoffs for PCB mounting are sized for #2 x 3/16" screws, not included with enclosure. Order part number **1553WTS100** (pack of 100).

Available in five plastic colors: translucent red, light grey, black, translucent clear, and translucent smoke.

Available in three miniature sizes.

Light grey and clear versions include silver screws. Red, black, and smoke versions include black screws.

Part Numbers

Part Number	Color	Length	Width	Depth
1551USB1BK	Black	35	20	16
1551USB1GY	Grey	35	20	16
