Heatsinks f.cool

- ▶ Profile heatsinks and fluid coolers
- ▶ Heatsinks and active heatsinks for processors
- ▶ Board Level heatsinks
- ▶ Cooling aggregates
- ▼ Accessories for electronic components
 - ▶ Thermal conductive material
 - ▼ Fixing material for mechanical components
 - Fastening for mounting rail
 - Guide rails
 - Distance sleeves and spacers
 - [Vibration dampers and solder terminals](#)
 - ▶ Mounting material for single semiconductors and heatsinks

Cases f.case

Connectors f.con

Vibration dampers and solder terminals

LSD 08920

with insulating body PTFE

Data sheet

add to request

Features

Technical Drawing

Service

version	Solder terminals
material	insulating body: PTFE (teflon)
contact pin	brass, 2 µm Ni, 4 µm Ag
temperature range	-200°C ... +260°C
