

Subminiature Plastic Enclosures *1551MINI Series*

General Purpose ABS. Three Sizes, Five Colors

Key Features:

- Ideally suited for dongles and mounting small printed circuit boards with USB connectors.
- Molded in ABS plastic with a UL94-HB flammability rating.
- Choice of three sizes in five colors: black, light grey, translucent clear, translucent smoke, and translucent red.
- Satin texture finish.
- Cover is recessed for easy label installation.
- Complete with lid and two self-tapping screws. Silver screws are provided with grey and clear boxes, and black screws are provided for black, smoke, and red boxes.
- Two or four standoffs, depending on size, are molded into interior for board mounting.
- Designed to meet IP54.
- For these same sizes with an integrated USB A male connector cutout, see our **1551USB** series.
- For slightly larger enclosures secured with four screws, see our **1551** series.

Notes:

- Self-tapping lid screws are #2 x 1/2". For extra screws, order **1551USB50** (silver, pack of 50) or **1551USB50BK** (black, pack of 50).
- Standoffs for PCB mounting are sized for #2 x 3/16" screws, not included with enclosure. Order part number **1553WTS100** (pack of 100).

Photo Features:

Available in five plastic colors: translucent red, light grey, black, translucent clear, and translucent smoke.

Available in three miniature sizes.

Light grey and clear versions include silver screws. Red, black, and smoke versions include black screws.

See **1551USB** series for same sizes molded with USB cutout.

Part Number	Color	Length	Width	Depth
1551ABK	Black	35	20	16
1551AGY	Grey	35	20	16
1551ACLR	TransClear	35	20	16
1551ATSK	TransSmoke	35	20	16
1551ATRD	TransRed	35	20	16
1551BBK	Black	50	25	16
1551BGY	Grey	50	25	16
1551BCLR	TransClear	50	25	16
1551BTSK	TransSmoke	50	25	16
1551BTRD	TransRed	50	25	16
1551CBK	Black	65	30	16
1551CGY	Grey	65	30	16
1551CCLR	TransClear	65	30	16
1551CTSK	TransSmoke	65	30	16
1551CTRD	TransRed	65	30	16
