Description

Transform your Raspberry Pi into a media streaming device.

Build a full-featured media center capable of playing nearly all of your digital media using any 40 pin Raspberry Pi and the Media Center HAT. Native support in OSMC and other media center operating systems brings plug-and-play compatibility and the 2.83" resistive touchscreen, optional 5-way programmable joystick (solder yourself) and included IR Remote gives you 3 ways to control your content.

Flexible mounting options let you position the HAT for use as is on in an enclosure. Create the Raspberry Pi-powered media Center you've always wanted with the Media Center HAT today!

What's inside?

- Assembled Media Centre HAT
- IR Remote Control
- Right Angled Header
- 4 Mounting hardware posts
- 8 x screws
- 5 x Solder-yourself buttons
- Solder-yourself joystick

Compatible with

- Raspberry Pi Zero
- Raspberry Pi A+
- Raspberry Pi B+
- Raspberry Pi 2B
- Raspberry Pi 3B
- Raspberry Pi 3B+
- Raspberry Pi 4B

Add a Case

We've designed a snazzy case to hold both the Raspberry Pi & Pi Supply Media Center HAT and complete with push-out holes for the joystick and a small square of translucent material to allow the remote to communicate with the board.
