Purchase at a sales agent's counter

Purchased from an online shop

This is an RTC (Real-Time Clock) option module compatible with the Armadillo-640. In addition to adding RTC functionality, it allows you to switch the USB port's connection destination and use it as a USB port on an expansion board.[※1]This is convenient when you want to incorporate a small USB device.

*1 Hot-wire insertion/removal is not supported.

Set contents
