- ♦ Industry Standard 5mm (T1 3/4) Package
- ♦ RoHS Compliant
- ♦ White Diffused Lens
- ♦ Available in Flange (F) Lead Frame styles
- ♦ 3-Lead Bi-Color LED
- ♦ Ideal for Status Indication and Display

Bivar 5mm T1 3/4 Package Tri-Color LED is ideal for those applications where multiple signals need to be displayed at the same location such as standby-on indication for server or computer peripherals. When needed, the 3rd color signal could be created by powering up both chips together for on-off-standy applications that require three distinct signals. Bivar offers white diffused LED lens for uniform light output. The Flange LED is ideal for Panel Mount Clip & Ring assemblies. This 3-Lead Bi-Color LED package comes in a common anode Lead Frame configuration.
