FS-AC-5001-U Features

HyperPod Accessory - Full Rack V0 Blanking Panel, 300mm

Adjustable Frame	Telescopic frame design ensures pod fits to your individual deployment
Assembly Process	Shift from construction to assembly reduces overall labor costs by shortening deployment process
Complete Pod Deployment	Reduce deployment cycles by building pods complete with containment, data & power distribution, prior to racks being delivered
Flexible Configuration	Compatible with a variety of cooling, containment, data & power distribution approaches
Independent Pod	Eliminates need to hang infrastructure components from ceiling, or run them underfloor
Rack Ready	Racks can be rolled into place and 'plugged' into the pod
Rapid Deployment	Engineered to be assembled simply and quickly, reducing construction work
Simplified Design	More predictable infrastructure completion timeline
