Battle-tested for ASUS® TUF Gaming motherboards Developed in collaboration with ASUS, Sport AT memory is guaranteed to be compatible with ASUS TUF Gaming setups. A unique new heat spreader also aesthetically complements the TUF Gaming style so your board looks its best.

Micron quality: Pro gamer reliability — As the only major gaming brand that's built and tested from start to finish as part of a major memory manufacturer, Ballistix DRAM delivers a higher level of performance than regular PC gaming memory. For 40 years, we've engineered old-school DDR memory all the way to Ballistix DDR4 modules, which empower the future of gaming performance. Backed by competitive warranties, a hardcore community of fans, and a dedicated gamer support team, Ballistix memory is ready to take your in-game performance to the next level.

Limited lifetime warranty valid everywhere except Germany, where warranty is valid for 10 years from date of purchase.
