SEK-SEN69C

[All products](#) • [Particulate matter sensors](#) • [SEK-SEN6x](#)

Evaluation kit SEN69C

Specifications:

- All-in-one air quality sensor module
- PM, RH & T, VOC, NOx, HCHO, CO2
- On-board algorithms

Includes:

- 1x SEN69C
- 1x adapter cable
- 1x jumper wire set
- 1x adapter cable Qwiic

- Distributor list
- Contact sales

Smart sensors for your application

Sensirion's sensor solutions are used in a wide range of applications and markets. Our reliable environmental and flow sensors improve energy efficiency, increase health and ensure safety and comfort.
