CHEMTRONICS® ELECTRONICS MAINTENANCE & REPAIR PRODUCTS

CircuitWorks® Heat Sink Greases

CircuitWorks® brand's comprehensive line of conveniently packaged and precision dispensing rework and repair products makes circuit board repair and prototyping faster, easier and more accurate. Advanced-formula materials packaged in unique delivery systems ensure superior performance and pinpoint accuracy. The full range of products meets all of the technicians needs for electronics rework and prototyping – repairing, cleaning, protecting, lubricating, bonding, and restoring electrical conductivity to circuit boards and components.

CircuitWorks® Products are compliant with IPC-7711 Rework of Electronic Assemblies, and ANSI/J-STD-001.

All CircuitWorks® branded products are available on folded blister cards complete with multi-lingual instructions and regulatory information.

CircuitWorks Boron Nitride Heat Sink Grease ✓

Part No.	Size
49-CW7250	3.4 g (0.12 oz.) syringe, blister packed

CircuitWorks Silicone Free Heat Sink Grease ✓

Part No.	Size
49-CW7270	8 g (0.28 oz.) syringe, blister carded

CircuitWorks Heat Sink Grease ✓

Part No.	Size
49-CT40-5	5 oz. / 142 g tube on blister card
