RoHS COMPLIANT

More performance. Simplified.
u-remote.Weidmuller u-remote – our innovative remote I/O concept with IP 20 which focuses purely on user benefits: tailored planning, faster installation, safer start-up, and no more downtime for considerably improved performance and greater productivity.
Reduce the size of your cabinets with u-remote, thanks to the narrowest modular design on the market and the need for fewer power-feed modules. Our u-remote technology offers tool-free assembly while the modular “sandwich” design and integrated web server speed up installation, both in the cabinet and machine. Status LEDs on the channel and each u-remote module enable reliable diagnosis and rapid service.
Our products boost the availability of your machines and systems, and ensure smooth processes, from planning to operation.
u-remote stands for “More Performance.” Simplified.
