Features

Series Part Number

185

You are viewing a customized product originating from the Samtec SEARAY series 185.

Performance to 65 GHz

Intermateable with 2.40 mm

Air dielectric for low VSWR and insertion loss

Ideal for high-performance test applications

Stripline or microstrip/CPW transmission

Vertical or edge launch, solderless compression

Field replaceable, cost-effective assembly

Edge launch: small form factor improves density

Alignment features (vertical): with the addition of fiducials on the PCB any visual misalignment is eliminated, ensuring peak connector performance

Threaded coupling with high mechanical stability

SIX TIPS TO HELP YOU SELECT THE RIGHT CONNECTOR

I've worked with many engineers trying to select the right connector set for their board-to-board application. I felt bad for them because they had mar
