V30 **4K Ultra HD**

Upgrade mobile storage and performance

Perfect for 4K, 3D and Full HD recordings

Memory Cards | microSD 500S / microSD 300S

Transcend's microSDXC/SDHC 500S memory cards meet both the UHS Speed Class 3 (U3) and the UHS Video Speed Class 30 (V30) standards for a smooth and uninterrupted 4K video capturing, ideal for action cameras and drone cameras. The microSDXC/SDHC 300S memory cards, compliant with the latest speed class, boast excellent random read/write speed for retrieving small pieces of data from random locations and accelerating app launch time.

Actions in detail

A good fit for mobile app storage

- Meet UHS Speed Class 3 (U3) and the UHS Video Speed Class 30 (V30) standards
- Meet the new Application Performance Class 1 standards (USD300S)
- MLC NAND flash memory (SDC500S)
- Protection against extreme conditions
- Exceptional reliability and long-life data retention
