# 4-Port USB-C Charger, 72W, 1x USB-C PD Port (60W) and 3x USB-A Auto-sensing ports

MODEL NUMBER: **U280-004-WS3C1**

Charges up to 4 electronic devices at the same time via USB connection. Recommended for charging mobile devices ranging from smartphones and tablets to larger power consumers, such as MacBooks and Chromebook Pixels.

## Description

Whether you're at home or in the office, Tripp Lite's U280-004-WS3C1 4-Port USB Charging Station provides enough ports and power to keep your devices at 100% capacity. No more peering behind furniture to find an available outlet or unplugging one device to charge another. You can charge up to four tablets, cell phones, laptops and other devices at the same time. The U280-004-WS3C1 doesn't require a computer, so you can take it anywhere AC power is available.

The U280-004-WS3C1 features three auto-sensing USB-A ports, each capable of delivering up to 5V, 2.4A, which is enough for charging cell phones, tablets and other mobile devices. Each USB-A port senses the connected device and automatically adjusts the required power level accordingly. A USB-C port supports power output up to 20V, 3A for charging more battery-intensive USB power delivery devices, such as a MacBook®, MacBook Pro® or Chromebook Pixel™.

To charge your USB devices, simply connect the detachable four-foot power cord's NEMA 1-15P plug to an AC power outlet, and connect your devices to the available USB ports. The unit protects against overheating, overcurrent and overcharging—in fact, it stops charging as soon as your devices' batteries are at full capacity.

## Highlights

- USB-A auto-sensing ports each support up to 5V, 2.4A for charging
- USB-C port supports up to 20V, 3A for charging
- Internal dual-voltage power supply with NEMA 1-15P plug
- Protects against overheating, overcurrent and overcharging
- No computer required

## System Requirements

- The U280-004-WS3C1 includes a C7 to 1-15P power cord for use in 120V applications. An applicable 230V power cord can be purchased separately for use in 230V applications.

## Package Includes

- U280-004-WS3C1 4-Port USB Charging Station
- C7 to NEMA 1-15P power cord, 4 ft.
- Quick Start Guide

## Features

**Charges Up to 4 Devices at the Same Time**

- Recommended for charging tablets, cell phones, laptops and other devices at home or office

- Functions anywhere AC power is available—no computer required

**Provides Plenty of Juice for Charging**

- USB-A auto-sensing ports each support up to 5V, 2.4A for charging

- Senses connected USB-A devices and automatically adjusts required power level

- USB-C port supports up to 20V, 3A for charging more battery-intensive devices, such as laptops

- Protects against overheating, overcurrent and overcharging

**Easy to Use**

- Internal dual-voltage power supply with NEMA 1-15P plug and detachable 4 ft. cord

- No computer required

# Specifications

| OVERVIEW | |
|---|---|
| UPC Code | 037332196507 |
| Product Type | Plug in Charger |
| Charging Form Factor | Charging Hub |
| Device Compatibility | Phone; Tablet; Amazon Kindle |
| Over Current Protection | Yes |

| INPUT | |
|---|---|
| Nominal Input Voltage(s) Supported | 120V AC; 230V AC |
| Input Connection Type | IEC C7 |
| Plug Type | C7 to NEMA 1-5P |
| Voltage Compatibility (VAC) | 100; 110; 120; 125; 127; 200; 208; 220; 230; 240 |
| Input Frequency | 50/60Hz |
| Input Plug Type | NEMA 1-15P (NON-POLARIZED) |
| Input Current | 5V (2.4A) / 20V (3A) |

| OUTPUT | |
|---|---|
| Output Capacity | USB-A: 5V 2.4A; USB-C: 20V 3A |
| Overload Protection | Yes |
