3747

We are using your socket modems in several new applications, do they support 2 wire leased line mode?

● OPEN RESOLUTION

3837

How can I use an MT5600SMI to transmit the 1300 Hz Calling Tone every time an outgoing call is initiated with the ATD command? Something like the ^M command but it should be stored as a permanent modem setting not only a per-session command.

● OPEN RESOLUTION

2356

What's the difference between the MT3400SMI, MT5600SMI-34, MT5600SMI-L34 and MT5600SMI-XL34 (or MT5600SMI-92, MT5600SMI-L92 and MT5600SMI-XL92)?

● OPEN RESOLUTION

2673

Does the MT5600SMI-xx modules support distinctive ring?

● OPEN RESOLUTION

3131

The MT5600SMI can support and is certified in many countries. If we are using it in different countries, must we set the country profiles, or can the modem detect it automatically?

● OPEN RESOLUTION

1422

What is the current consumption and power specifications for this modem?
