

DM160238 - MGC3140 Development Kit Emerald

Part Number: DM160238

Summary:

The MGC3140 Emerald Development Kit builds a complete MGC3140 reference system for evaluation as well as the design-in of 3D gesture input sensing systems.

The MGC3140 Emerald Development Kit is based on Microchip's award winning GestIC technology and enables true single chip 3D gesture detection.

The design-in is simplified with the help of the AUREA GUI.
