Description

Please read through the guide in Shenzhen 2 U before making any purchase in this catalogue.

Who doesn't like to have multiple options? For easy-to-use products like [EL wire](#) and [EL tape](#), we now have the USB Inverter as another great choice for power, in addition to our [EL pocket inverter](#). With the USB Inverter, you can harvest power from any USB interface to drive EL wire or tape within 5m.

Features

- Driving ability: <5m EL wire or tape
- Size: 28 x 19 x 23mm
- Overall length: 85cm
- Input voltage: 5v DC
- Output voltage: 230v AC (unloaded), 125v AC (loaded with 5m wire)
