DESCRIPTION

Discord is our favorite cross-platform voice and text chat application & we love how Discord connects us to the greater, wider maker community.

This is the "Adafruit Flower Discord" badge - we aren't selling this badge - **you have to earn it!** Join us on Discord at <http://adafru.it/discord> and be a good cyber-citizen. Our moderators award these *free* badges to helpful community members

Adafruit offers a fun and exciting "badges" of achievement for electronics, science and engineering. We believe everyone should be able to be rewarded for learning a useful skill. A badge is just one of the many ways to show and share.

This beautiful skill badge is made in the USA and is skillfully designed and sturdily made to last a lifetime. The backing is iron-on, but the badge can also be sewn on.
