SparkFun Audio Jack Breakout Product Help and Resources

Core Skill: Soldering

This skill defines how difficult the soldering is on a particular product. It might be a couple simple solder joints, or require special reflow tools

Skill Level: Noob - Some basic soldering is required, but it is limited to a just a few pins, basic through-hole soldering, and couple (if any) polarized components. A basic soldering iron is all you should need. See all skill levels

$\bigstar \bigstar \bigstar \bigstar$ Yet another handy board

about 2 years ago by RuralGuru ✓ verified purchaser

Although I fully intend to create my own PCBs in the long run it is nice to piece parts together with a breadboard until I'm ready to order. Took some time to understand the shunts are used for two reasons. 1. Reduce pop from plugging and unplugging when used with a capacitor. 2. Allow a headphone jack before the
