Product Overview	Technical Specifications	Ratings & Reviews
NetworkAIR CW Features & Benefits		
Availability		
Steam humidifier	Humidity is managed through a self-contained steam canister humidifier for maximum efficiency and ease of maintenance. The pure-steam canister maintains consistent capacity output, and requires very little scheduled maintenance.	
Manageability		
Microprocessor controller	Provides proactive control and real-time monitoring via a four line, eighty character, alphanumeric display.	
Protection		
Air filtration	Removes dirt and other particulates from the intake air for cleaner supply air.	
Serviceability		
Front service access	The system has full service, front access for routine servicing of components. Front access also narrows the footprint of the system making it possible for units to be placed side by side.	
Product Distribution
