

Gigabit Ethernet Passive 24V @ 1000mA

Gigabit 24V Passive Power Over Ethernet Injector

Model: PoEGP2408

KEY FEATURES

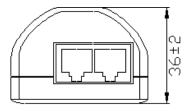

- The Gigabit Power over Ethernet (PoE) Injector provides power over a distance of up to 100 meters (328 ft.)
- · Full Duplex Gigabit speeds supported
- Supplies power up to 24 Watts
- Universal Input 100 to 240VAC
- RoHS Compliant
- Meet ErP / Energy Star. Level : V Standards
- Meet EN55022/ EN55024 Standards

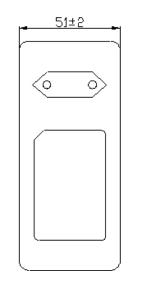

Specifications

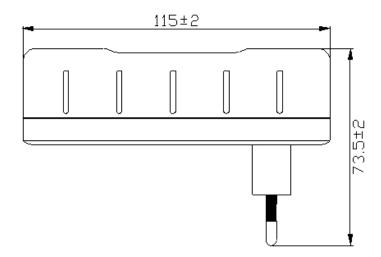

24V DC @ 1000mA
24 Watts (Max)
