Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

Contact carrier, Power, 4-position, Pin, straight, M12, coding: L, PCB mounting, THR solder connection

## Your advantages

- For compact devices: transmit high power in a confined space
- Reduced mounting costs thanks to two-piece device connector
- Packaging available for automated pick and place assembly
- All common pin assignments and codings available
- Easy device integration, thanks to mechanical port screw connections with threaded fastening
- Additional gasket for the device when not plugged in

## Commercial data

|                                      |                                |
|--------------------------------------|--------------------------------|
| Item number                          | 1425605                        |
| Packing unit                         | 60 pc                          |
| Minimum order quantity               | 60 pc                          |
| Note                                 | Made to order (non-returnable) |
| Sales key                            | AB23                           |

## Technical data

### Notes

|                    |  |
|--------------------|--|
| Notes on operation | The electrical and mechanical data specified assume that the connector pair is correctly locked and mounted. If the connector is unlocked and if there is a danger of contamination, the connector must be sealed using a protective cap > IP54. Influences arising from litz wires, cables or PCB assembly must also be taken into consideration. |
|--------------------|--|

### Product properties

|                     |                |
|---------------------|----------------|
| Product type        | Contact insert |
| Application         | Power          |
| Sensor type         | Power          |
| Number of positions | 4              |
| Seal present        | yes            |
| Shielded            | no             |
| Coding              | L              |
| Thread type         | M12            |

### Insulation characteristics

|                      |     |
|----------------------|-----|
| Overvoltage category | III |
| Degree of pollution  | 3   |

### Electrical properties

|                       |        |
|-----------------------|--------|
| Rated surge voltage   | 1.5 kV |
| Nominal voltage $U_N$ | 63 V   |
| Nominal current $I_N$ | 16 A   |

### Connection data

|                   |                       |
|-------------------|-----------------------|
| Connection method | THR solder connection |
|-------------------|-----------------------|

### Interfaces

|                      |       |
|----------------------|-------|
| Signal type/category | Power |
|----------------------|-------|

### Material specifications

|  |       |
|--|-------|
| Flammability rating according to UL 94 | V0    |
| Seal material                          | FKM   |
| Contact material                       | CuZn  |
| Contact surface material               | Au    |
| Contact carrier material               | PA 4T |

### Connector

#### Connection 1

|             |     |
|-------------|-----|
| Head design | Pin |
|-------------|-----|

|                   |          |
|-------------------|----------|
| Head cable outlet | straight |
| Head thread type  | M12      |
| Coding            | L        |

## Cable/line

|                      |       |
|----------------------|-------|
| Signal type/category | Power |
|----------------------|-------|

## Mechanical properties

### Mechanical data

|                             |       |
|-----------------------------|-------|
| Insertion/withdrawal cycles | > 100 |
|-----------------------------|-------|

## Environmental and real-life conditions

### Ambient conditions

|   |  |
|---|--|
| Degree of protection (when plugged in)                            | IP67 (correctly plugged in and locked)           |
| Degree of protection  | IP67 (correctly plugged in and locked)           |
|   | IP67, when plugged in                            |
| Ambient temperature (operation) (male connector/female connector) | -25 °C ... 105 °C                                |
|   | -40 °C ... 105 °C (without mechanical actuation) |
| UL Type Rating  | Type 4 (indoor use only)                         |

## Standards and regulations

|                          |                              |
|--------------------------|------------------------------|
| Standard designation     | M12 circular connector       |
| Standards/specifications | according to IEC 61076-2-111 |

## Mounting

|               |              |
|---------------|--------------|
| Mounting type | PCB mounting |
|---------------|--------------|

## Packaging specifications

|                   |                   |
|-------------------|-------------------|
| Type of packaging | Belt              |
| Delivery state    | with assembly pad |
