

Secondary Lens with Holder

OVLENSxx4

- Custom designed for Optek OVSxxxCR4 LED Series
- Efficient light extraction and high flux output
- Narrow viewing angles
- Precision molded with optical grade plastic

These water-clear polycarbonate lenses with black holders are specifically designed to mate with Optek's 6x6mm power surface mount LEDs (OVSxxxCR4 Series) to provide a more narrow beam angle. Lenses are available in both 15° and 23° viewing angles. The lenses and holders sit firmly over the LED component and is easily attached to the PCB/MCPCB with adhesive.

Part Number	Viewing Angle	Material	Lens Color	Lens Holder
OVLENS154	15°	Polycarbonate	Water Clear	Black
OVLENS234	23°
