
3FT CAT6 SNAGLESS UTP UNSHIELDED NETWORK PATCH CABLE (USA) - GRAY

CG22810 |

FEATURES & BENEFITS

100% manufactured and tested within the United States, this cable meets the stringent requirements for anyone who needs to procure products exclusively manufactured in the USA. For voice/data/video distribution, this cable will handle bandwidth-intensive applications. Meets all TIA/EIA Cat6 standards, and drastically reduces both impedance and structural return loss (SRL).

Constructed from high quality cable and a shortened body plug, this design minimizes Near-End Crosstalk (NEXT) levels. The molded, snag-free boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a variety of colors to easily color-code your network installation.
